### **Explanation of State Impact of Regulation:**

No fiscal impact is anticipated. The Department of Consumer Protection's Drug Control Division currently regulates the dispensing of influenza vaccines by pharmacists. Pursuant to Public Act 2010-82, the proposed regulation merely expands the types of vaccines that may be administered by pharmacists by referencing those listed in 20-633(a) of the General Statutes, as amended by said Public Act. The Department of Public Health was consulted on these Regulations, as set forth in Conn. Gen. Stat. Section 20-633(b), and there is likewise no fiscal impact on that agency.

### **Explanation of Municipal Impact of Regulation:**

No impact on municipalities is anticipated. The Department has jurisdiction over these regulations.

### **Explanation of Small Business Impact of Regulation:**

Please see the Department's **Small Business Impact Statement** for more details.

No adverse fiscal impact is anticipated.
